CITY OF BOULDER CITY

BUDGET MESSAGE

Honorable Mayor, City Council, and Residents of Boulder City:

The City of Boulder City Management Team is pleased to present the City Manager's recommended Budget for the Fiscal Year from July 1, 2025 to June 30, 2026 (FY 2026) for your review and consideration. Through the governing body's leadership and the constructive input of residents and staff throughout the year, this budget reflects the vision and values of the people of Boulder City and is consistent with the City's Strategic Plan.

Budget Development

The development of the Budget for FY 2026 is accomplished by soliciting input from a variety of sources: The Residents of Boulder City, the Mayor, Council Members, the City Manager, and Department Heads.

Budget meetings with the Mayor and City Council were held on April 15th and May 13th. The City's Utility Advisory Committee received a presentation on the Budget on April 2nd. The Resident Budget Workshop was on April 2nd and provided the chance for residents of Boulder City to ask questions about the Budget and provide feedback on their desires in the Budget.

These meetings provide an opportunity for the Council to receive public input and provide policy directions to staff in developing the Final Budget, which will be considered for adoption during a final public hearing on May 27, 2025.

The basic budgetary premise for the development of the FY 2026 Final Operating and Capital Budget is to present a clear picture to the Residents, City Council, and Staff regarding the City's financial direction. In addition to providing for the daily operating needs of the City, the FY 2026 Budget includes identifying Capital Improvement Projects and other discretionary spending items and improving the overall financial tracking mechanisms for the City.

Revenue and Expenditure Projections

Boulder City's revenue streams include taxes, service charges, leases, fines, and fees. The City's revenue streams, although stable, have remained relatively flat. The City's budget team develops revenue projections for the Budget by reviewing prior years' revenues and by projecting future revenues based on the most recent performance metrics. The Nevada

Department of Taxation provides the consolidated tax estimate and has historically proven conservative in actual receipts.

Each revenue category was carefully reviewed and adjusted based on analysis and available information. The City has always taken a conservative approach to revenue estimation, and the FY 2026 projections are no exception.

The Budget includes revenue from the Consolidated Tax, Charges for Services, Property Taxes, and the leasing of commercial property, which produce reliable, long-term, stable revenue sources that will enable the City to provide exceptional public services.

The FY 2026 budgeted expenditures include the projected impact of inflation on the purchase of operating supplies and the financial impact on capital projects due to demand and supply chain issues.

Property Taxes

Boulder City residents' combined total tax rate continues to be one of the lowest in the State at \$0.2600 per \$100 assessed value. This compares with \$0.7408 for the City of Henderson, \$1.0515 for the City of Las Vegas, \$1.1587 for the City of North Las Vegas, and \$0.5520 for the City of Mesquite.

Utility Fund

Changes in the Utility Fund from prior years add additional expenses to reflect inflation costs, including the large increase in the expected cost of electricity, water, and capital improvement projects.

Personnel

The City of Boulder City employs 223.4 full-time equivalent employees with the addition of the new Fleet Supervisor position.

Boulder City's labor costs are largely driven by the Las Vegas metropolitan area labor market. Although the City's labor costs are less than those in the surrounding Las Vegas area, they are nevertheless significant for a small city. Much of the City's workforce is unionized, and any changes to compensation are subject to the collective bargaining process. Our labor costs have also been influenced by recent changes in the State's minimum wage laws.

Conclusion:

The FY 2026 Budget addresses current issues and provides the services the residents of Boulder City have come to expect while emphasizing Customer Service excellence. As City Manager, I respectfully submit the FY 2026 Recommended Budget for consideration and review by the City Council.
