Construct North Tie Down Apron Parking Shad Structures (Design & Construction)	26
Construct Taxiway 'D' Phase 1 - East of Taxiway 'B'	27
Construct Taxiway 'D' Phase 2: West of Taxiway 'B' (Construction)	28
Construct Wash Rack (Design & Construction)	29
PAPI Replacement and Associated Electrical Upgrades	30
Reconstruct North Tie Down Apron	31
Reconstruct Runway 9-27	32
Rehabilitate Hangar Taxi lanes (moved from FY 24)	33
Security Access Control	34
Boulder Creek Golf Course	35
3400 Triflex - 2 units (b)	37
5610-D	39
5610-D - 1 unit	41
BC Cart Lease-to- Own	43
BC Golf Course Improvements	45
Boulder Creek Flat Roof Area	47
Greens Pro 1260 - 2 units	48
Pro Sweep	50
Pump Station at Boulder Creek	52
Workman HDX D	53
Yamaha U-Max	55
Yamaha U-Max - 4 units	57
Electric	59
4kV Substation Removals	60
Continuation of Substation 3 rebuild construction	61
Electrical Distribution Upgrades	62
Feeder 14-24 Tie Replacement	63
Meter Upgrades	64
Primary Feeder Replacement	65
Substation 4 Rebuild	66
Fire	68
Ambulance Cots	69
Extrication Tools	70
Fire Department Classroom and Adjacent Parking	71

Heavy Vehicle Extrication Kit and Heavy-Duty Air Bags	73
Maxi Force Lift Bags	74
Municipal Golf Course	75
200 Slide in Sprayer (b)	76
5610-D Mower	78
Greensmowers 3400 triflex - 2 units	80
Groundmaster 4500 D	82
Kubota Tractor	84
Muni Golf Cart Lease-to-Own	85
Muni Golf Course Improvements	86
Yamaha U-Max - 1 unit	87
Parks	89
ABC Park Building and Grounds Renovations	91
Hemenway Park irrigation upgrade - construction	93
Hemenway Park irrigation upgrade design	94
Irrigation upgrade at Wilbur Square	95
Park Improvements	96
Park Irrigation Replacement	97
Replace bleachers and floor in New Gym at Recreation Center	99
Safekey Building	100
Swimming Pool Recreational Project Construction	101
Police	103
Covered Parking	104
Crime Prevention Vehicle purchase	105
Police Station Remodel Continuation	106
Replace More Cops vehicle	107
Public Works	108
ADA Transition Plan - City Facilities	109
City Hall Fire System Upgrade	110
City Shops Facilities Renovation and Expansion	111
RTC Assigned Revenue Project	113
Storage Building	114
Street Sweeper cleanout and wash bay for City Yard	115
Water Conservation for City Facilities	116
RDA	117
RDA City Facility Improvements Project	118
Wastewater	119
Concrete Lined Aeration Basin Improvements	120
Effluent Splitter Box Improvements	121
Sanitary Sewer Upgrade	122
Sewer Line Relocation (Georgia at Buchanan)	123
Water	124
Copper Service Replacement	125
Replace Unit 313 - Dump Truck	127

Capital Improvement Plan

The City of Boulder City's Capital Improvement Plan ("CIP") establishes, prioritizes, and plans funding for projects to improve existing and develop new infrastructure and facilities. A CIP promotes better use of the City's limited financial resources, reduces costs, and assists in the coordination of public and private development. The City's CIP is a five-year roadmap, which identifies the major expenses over and above routine annual operating expenses. While the CIP serves as a long-range plan, it is reviewed and revised annually. Priorities may be changed due to funding opportunities or circumstances that cause a more rapid deterioration of an asset.

Purpose of Capital Improvement Planning

- Ensure the timely and systematic repair and replacement of aging infrastructure.
- To forecast capital needs for the near and long term future to serve as a guide in making budgetary decisions.
- Identify the most economical and efficient means of timing and financing capital improvements.
- Provide an opportunity for public input in the budget and financing process.
- Help to eliminate unanticipated, poorly planned, or unnecessary capital expenditures along with potential increases in tax rates, user fees, etc. to cover the associated expenses.
- To strike a balance between desired public improvements and the City's ability to provide financial resources.

Capital Budgeting Process

The CIP is the result of an ongoing planning process. The CIP incorporates information and analysis from our Strategic Asset Management Plan to identify those city facilities and infrastructure that are in need of improvement, upgrades, or expansion.

Planning for the five-year CIP period provides the flexibility to take advantage of opportunities for capital investments. The CIP is developed through compliance with adopted policies and master plans, the public, professional staff, and elected and appointed City officials. The Draft CIP is made available to the public for review and then adopted by the City Council.

Assumptions

The fundamental assumptions for these demand forecasts include the following:

- The Boulder City service area will remain unchanged.
- The regulatory environment will remain similar to current conditions. Changes in regulations will allow sufficient time to implement changes to our asset management program.
- Future cost projections are escalated using current industry standards.

Who develops the CIP?

The annual process of developing and implementing a capital improvement program is quite extensive and involves the participation of many people. Their diligence and cooperation are crucial to this document's success and quality. The City's Finance Department takes the lead in coordinating the development of the CIP and relies heavily on the participation of the City's various departments and divisions. The departments and divisions identify the projects to be considered in the CIP; complete the project forms describing the projects and detailing the costs; coordinate with each other on projects that involve more than one department or division; and coordinate with other agencies if applicable. City staff conduct a Resident Public Workshop, where they present the Tentative Draft to the residents. The City Council adopts the Tentative Plan, which is then incorporated into the development of the City's Operating Budget the following Spring.

One Year Plan

FY26 Total Capital Requested

\$35,872,750

FY26 Total Funding Requested

\$35,872,750

FY26 Total Funding Requested by Source

BC Cart Lease-to- Own

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Boulder Creek Golf Course
Type	Capital Equipment
Project Number	BCGC 20-115 (R2208)

Project Location

Description

In 2012, 50 new golf carts were leased at the Boulder Creek Golf Course. In 2013 an additional 50 carts were leased. The carts are now 7 years old and showing signs of wear. It will be necessary to trade in the existing cart fleet and obtain 130 new carts. *previously leased over a three year period. This lease is planned to start in FY2022 for a five year period.

BC Golf Course Improvements

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Boulder Creek Golf Course
Type	Capital Improvement
Project Number	BCGC 22-100 (R2204, R2303)

Project Location

Description

Replacement of valves, pumps, vaults, water features, nozzles, strainers, etc. Much of these items are approaching 20 years old and beyond the estimated effective lifespan. Replacement increases water efficiency and lengthens the overall lifespan of the irrigation system.

Fire Department Classroom and Adjacent Parking

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Fire
Type	Capital Improvement
Project Number	FIRE 23-101

Project Location

Description

The classroom proposed is a 50-person classroom with two separate storage rooms, bathrooms, and a small kitchenette area. This will be able to be used for police and fire classes, as well as by other city departments and council for community meetings. It will allow for joint police and fire classes that are currently not practical due to limited space in the current facilities. Another potential use for this facility would be in a future regional health emergency where large numbers of people need to assemble. This would have the appropriate amount of parking based on city planning standards.

Muni Golf Course Improvements

Overview

Request Owner

Carol Lelles, Capital Improvements Coordinator

Department

Municipal Golf Course

Type

Capital Improvement

Project Number

MUNI 22-100 (R2205, R2304)

Project Location

Description

Replacement of valves, pumps, vaults, water features, nozzles, etc. Much of these items are beyond the estimated affective lifespan. Replacement increases water efficiency.

Park Irrigation Replacement

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Parks
Type	Capital Improvement
Project Number	PARK 22-107 (R2202 & R2308)

Project Location

Description

Replacement of outdated irrigation systems at parks through out the City. The Landscape Division identify the schedule of which park to complete in order of risk of system failure or possible damage to the grounds. Updating the irrigation systems will save water usage and reduce maintenance costs.

Storage Building

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Public Works
Type	Capital Improvement

Description

In anticipation of the old airport hangar being leased in the future, the directors of the Public Works and Utility divisions have requested a CIP project to be added in FY27 for a storage facility which would be located at the City Maintenance Yard. The total of \$1.5m would be funded as \$750k from Acquisitions and Improvements and \$750k from the Utility Fund.

Details

Type of Project: New Construction

Copper Service Replacement

Overview

Request Owner	Carol Lelles, Capital Improvements Coordinator
Department	Water
Type	Capital Improvement
Project Number	WATER 20-106 (W2006)

Project Location

Description

This project identifies and replaces plastic pipe laterals with a more durable copper lateral from the water main to the water meter. This project helps reduce leaks and overall line loss in the system, and ensures a more reliable service to our customers.

Project funding is through FY2031.
