NRS 332.065 requires government agencies to award Bids to the lowest responsive and responsible vendor and states proposals may be judged on price, conformance to specifications, qualifications, quality and other factors. The Nevada Government E-Marketplace (NGEM) website conducts a “Bid Tabulation” (attached), that automatically calculates and sorts submissions by lowest cost. Using that document, requesting agencies then review submissions from lowest price to highest, using the factors outlined in the NRS, to determine who the responsible vendor is.

Below is a synopsis of the 2 submissions the City received from lowest to highest price:
Note: The price is a summation of all 47 line items we requested prices for.

UNICON LLC	\$2,645,795.00	Recommended
Las Vegas Paving	\$3,900,000.00	Not Recommended

A Recommendation of Award is effective when the City Council Minutes are published. Please see the attached NGEM Bid Tabulation for detailed prices. Please let me know if you have any questions or concerns.
